

## Differences Between Medidata Detect and Clinical Data Studio

### eLearning Course Outline

**Course Description:** This course is for experienced Detect users who are navigating the new Clinical Data Studio experience in iMedidata.

Throughout the course, you will be able to navigate the updated screens to help find the same functionality that was available in Detect, and view new improvements as part of the Clinical Data Studio experience.

Approximate Duration: 5 min

Module	Topic
<b>Course Navigation</b>	Course Navigation Instructions
